

FLOWERS OF CLARENS

MACHINE EMBROIDERY

LEANNE STEWART SAQG ACCREDITED TEACHER

Suitable for those that have an embroidery machine or embroidery module for their sewing machine

A class that will stretch your embroidery techniques with ease. After this class you will be confident to tackle any embroidery project and manipulate any design. You will learn loads of techniques that will make your embroidery look so professional.

Super Easy Techniques you will learn when embroidering:

- Using starch,
- Choice of Stitch and Tear
- Getting the design onto your machine
- Choosing the correct type of embroidery threads
- Colour choice
- Changing threads
- Duplicating designs
- Continuous embroidery
- Choosing complimentary quilting designs
- Seminole patchwork
- A flange binding

LIST OF REQUIREMENTS:

Fabric:

1m light background cotton or linen

2m Stitch and Tear

Sashing and borders you can get later, unless it complements the flowers, and you want to design your wall hanging around this fabric.
